## Observed rainfall anomaly during the month of June 2024

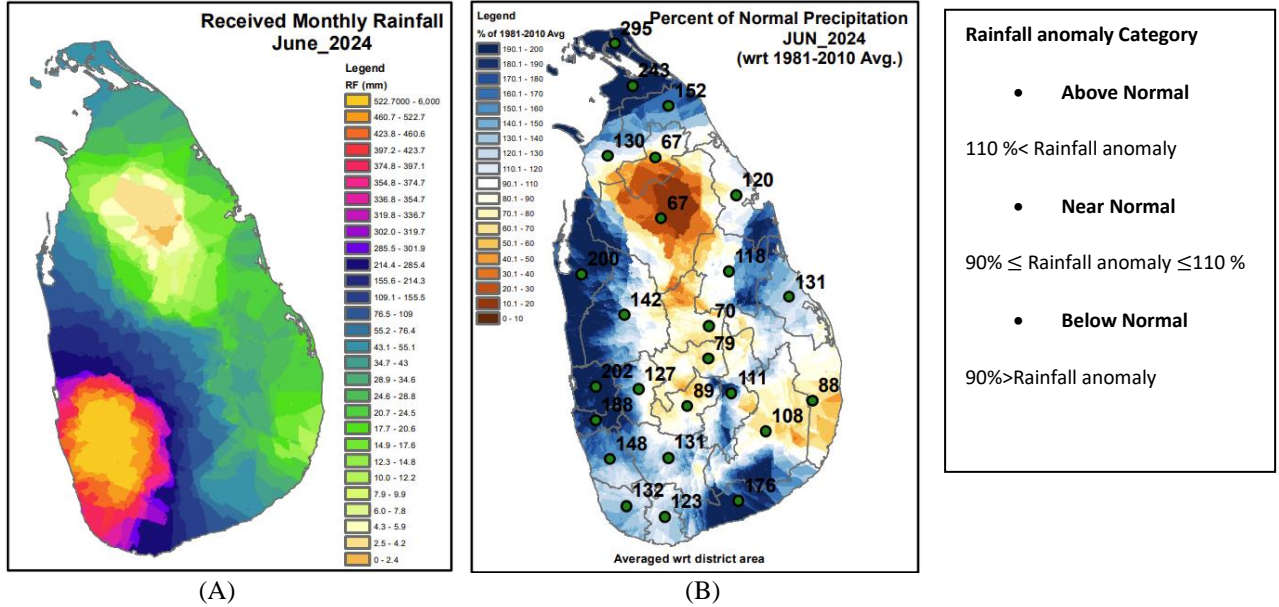

Fig 1: Observed rainfall during the month of June 2024

According to the available rainfall data in the Department of Meteorology, near or above normal rainfalls were reported over most parts except central province and in some parts of Anuradhapura, Ampara, Monaragala, Badulla and Vavuniya districts where below normal rainfalls were reported during the month of June 2024. Figure 1(A) shows the observed rainfall and 1(B) shows the observed rainfall anomaly compared with long term average (1981-2010) during the month of June 2024.
