Observed rainfall anomaly during the month of October 2021

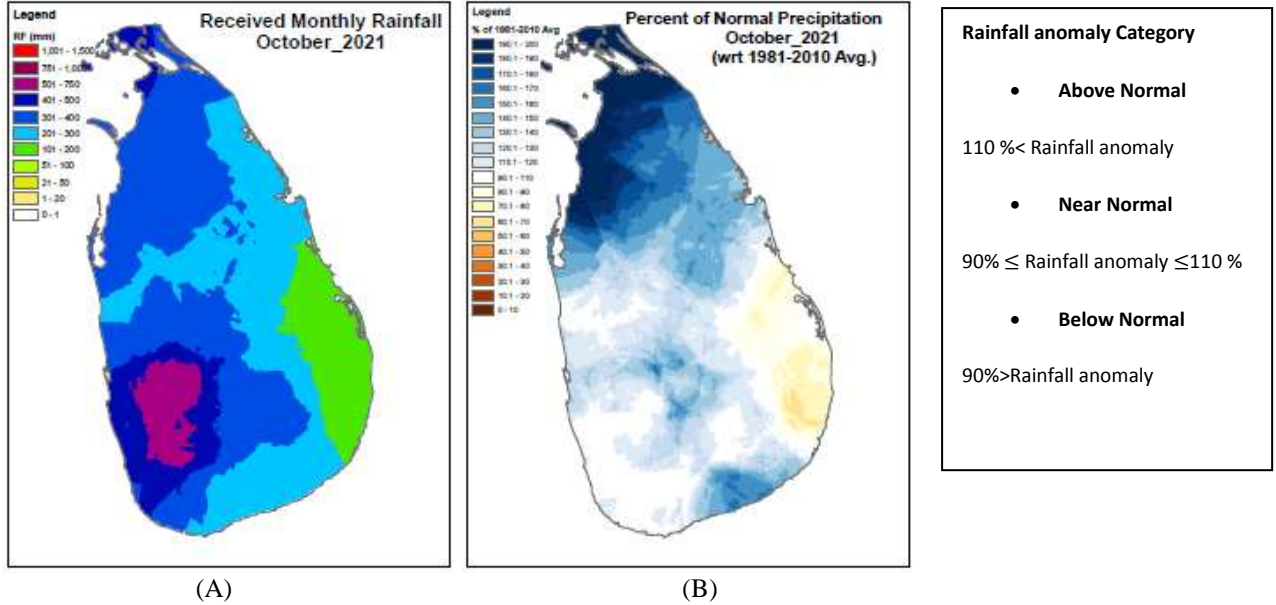

Fig 4: Observed rainfall during month of October 2021

According to the available rainfall data in the Department of Meteorology, near or above normal rainfalls were reported over most of the parts of the country except some parts in Ampara and Batticaloa districts, where below normal rainfalls were reported during the month of October 2021. Figure 4(A) shows the observed rainfall and 4(B) shows the observed rainfall anomaly during the month of October 2021.
